Bio / Intro

Hi, I'm John Doe, a software engineer with 5 years of experience. I've worked at various tech companies and have a passion for building scalable web applications. I'm currently looking for new opportunities and would love to connect with like-minded professionals. Feel free to reach out if you're interested in collaborating or just want to chat about tech in general.

Top Repos

Repository 1: A collection of reusable UI components for web applications.

Repository 2: A comprehensive guide to building a REST API with Node.js and Express.

Repository 3: A modern, responsive landing page template built with React and Tailwind CSS.

More
