Bio / Intro

Hi, I'm John Doe, a software engineer with 5 years of experience. I've worked at various tech companies and have a passion for building scalable web applications. I'm currently looking for new opportunities and would love to connect with like-minded professionals. Feel free to reach out if you're interested in collaborating or just want to chat about tech in general.

Top Repos

Repo 1: A collection of reusable UI components for web applications.

Repo 2: A full-stack web application for managing a library.

Repo 3: A REST API for a social media platform.

More
